## Worship Ministry @ East Park Church

### ***Interest***

Why would you like to be a part of the worship ministry at EPC?

What kind of position are you looking to be involved in, vocalist or musician?

### ***Experience***

Have you been involved in a worship ministry before? Where? Doing what?

What training and/or experience do you have with music?

### ***Personal***

How long have you attended EPC?

Are you a believer in and follower of Jesus Christ? Share your current life stage testimony?

### ***Audition***

As part of the audition process I'll ask you to play or sing through some worship songs with me and other members of the team (band). You will be given songs ahead of time to prepare for. I will be evaluating the following:

- spiritual readiness       overall musical ability/skill       ability to learn new songs
- intonation (ability to stay on pitch)       overall vocal quality (blending, singing parts)
- stage presence       your fit with the team (personality, teamwork)

After your audition if I ask you to participate on the team there will be a trial period, which gives me further time for evaluation.

I am encouraged by your interest, and will prayerfully consider your part in this ministry. If you are not asked to be a part of the team please do not take it personally. Not everyone is suited for leading from up front. We do believe though that everyone was made to minister, so we would encourage you to continue looking to find your fit for service at EPC.

With much appreciation,  
*Gary Robertson*  
Pastor of Worship & Connections
